Session #5 Evaluation

The session you just completed is part of an in-service series on medications, the physical environment, and fall prevention funded by The SCAN Foundation.

Try your best to answer the questions – please do not ask others for help. Your individual responses will not affect your employment or in-service credit.

Please circle either TRUE or FALSE for the following questions:

-
- | | | |
|---|------|-------|
| 1. Older adults' surroundings should become more supportive as their abilities decline. | True | False |
|---|------|-------|
-
- | | | |
|---|------|-------|
| 2. Since older people are affected by glare, it is best to keep lighting levels low in rooms and common spaces. | True | False |
|---|------|-------|
-
- | | | |
|---|------|-------|
| 3. Walkways and pathways where older people live should be kept clear of objects to reduce the risk of falls. | True | False |
|---|------|-------|
-
- | | | |
|---|------|-------|
| 4. Lowered beds with mats next to them may prevent injuries for older people who are at high risk of falls. | True | False |
|---|------|-------|
-
- | | | |
|--|------|-------|
| 5. Slippery surfaces are only a problem in the bathroom. | True | False |
|--|------|-------|
-
6. What are 2 new things you learned during this in-service?
- a.
- b.
7. What did you like most about the in-service?
8. What would you change about the in-service to make it better?

Please continue on next page →

For each statement, place an "X" in the box that BEST describes your opinion.

During this in-service session:

	Agree	Not Sure	Disagree
9. I could see the video			
10. I could hear the video			
11. The information was presented too quickly			
12. The video held my attention			
13. There was enough time for discussion			
14. I learned information that will be useful to me in my work			

Attending this in-service session helped me to better understand:

	Agree	Not Sure	Disagree
15. How medications can affect a resident's risk of falling			
16. How the physical environment can affect a resident's risk of falling			
17. Other factors that increase a resident's risk of falling			
18. How I can help residents reduce their risk of falling			

After attending this in-service session:

	Agree	Not Sure	Disagree
19. I am more aware of things that might influence residents' risk for falls			
20. I have learned ways I can reduce fall risk for residents			
21. I will change how I work with residents to help reduce falls
