43 Skilled Nursing Facilities Participate in iN2L Training

The month of June was filled with learning, engagement, and fun for 43 skilled nursing facilities in the iNSPIRE Project. These facilities, located throughout the state, devoted two-hours to a competency training led by an iN2L trainer.

Staff, residents, volunteers, and family members in attendance demonstrated their learned skills and received individualized training in areas that they wanted to gain further knowledge. They shared their favorite pieces of iN2L content and then explored recently added and newly updated content.

iN2L's trainers made it fun for everyone by engaging attendees in games of Wordle, virtual slot machines, walking tours of Chicago and Paris, and much more!

The remaining 17 skilled nursing facilities in the iNSPIRE Project will receive their on-site iN2L competency training in July.

If you have any questions about your on-site iN2L competency training, you can contact your iN2L Customer Success Manager, Carmeli Hocson, by [email](#) or call (303) 806-0797 ext. 180.

We Want to Hear From You!

Do you have pictures of residents engaging with and enjoying the iN2L tablets or 23" Group Engagement system? Or do you have a story of a staff member that has embraced your iN2L program and taken it to new heights?

In the final year of the iNSPIRE Project, we want to highlight the work you've done and share your successes. Don't be shy, we want to hear from you!

Please [email](#) any pictures or stories to Director of CMP Grants, Amanda Davidson, or call (916) 469-3385 with any questions.

The iNSPIRE Project supports a study including up to 30 residents in our 60 participating skilled nursing communities and includes an evaluation to determine changes over time. Your facility-level CASPER report, Quality of Life (QOL), and Activity Participation surveys are important evaluation tools and your timely submission of these are greatly appreciated every quarter.
