Welcome to the November 2021 issue of the LeadingAge California iNSPIRE Project's monthly newsletter! Every month, we will share important project updates, best practices, and success stories and pictures. Get ready to be inspired!

The Integrate fuN, Sustainable, Programming that is Innovative, Rewarding and Enriches (INSPIRE) Project provides skilled nursing communities with no-cost iN2L engagement technology, which offers thousands of computer-based experiences aimed at improving quality of life, reducing psychotropic drug use, providing stress relief, and much more.

For more information, visit the iNSPIRE Project website. Funded through a CMP grant awarded by CDPH and CMS Region IX.

Did You Know?

Did you know that if you have new staff members that are unfamiliar with the iNSPIRE Project and your iN2L program, they can schedule a personalized on-site or virtual orientation with the project's support team?

During this orientation, staff will gain an understanding of the goals and requirements of the CMP grant-funded project. They will also learn how to utilize iN2L’s 23” Group Engagement system and tablets and explore the wide variety of available content.

To schedule an on-site or virtual orientation, you can contact Amanda Davidson by email or phone at (916) 469-3385.
