

Grab and Go Bags

Grab-and-go bags are distributed by local jurisdictions, typically at evacuation centers or resource centers. Pacific Gas and Electric (PG&E) has provided the following counties/tribes grab-and-go bags for distribution to impacted residents:

County	City	Site Name for Drop-Offs
El Dorado	Placerville	Drop at County OES
Humboldt	Eureka	Drop at County OES
Humboldt	Trinidad	Drop at Town Hall (Warming Center)
Mendocino	Ukiah	Drop at Mendocino County EOC
San Mateo	Half Moon Bay	Drop at HMB EOC
San Mateo	La Honda	Drop at La Honda Fire Brigade
San Mateo	Pescadero	Drop at Pescadero High School
San Mateo	San Bruno	Drop at Fire Dept
San Mateo	South San Francisco	Drop at Fire Dept
Sonoma	Bodega Bay	Drop at Bodega Harbor Yacht Club
Sonoma	Guerneville	Drop at Bank of America Building
Sonoma	Jenner	Drop at Fort Ross Parking Lot (Sonoma EOC)
Sonoma	Occidental	Drop at Veterans Community Center
Yolo	Clarksburg	Drop at Fire Dept
Yuba	Marysville	Drop at Yuba County Government Ctr.
Santa Cruz	Watsonville	Drop off at Evacuation Center
Sonoma	Santa Rosa	Drop off at Kashaya Rancheria
Mendocino	Point Arena	Drop off at Manchester Point Arena Rancheria

Mendocino	Hopland	Drop off at Hopland Rancheria
Humboldt	Weitchpec	Drop off at Yurok Tribe

[How to Sign Up for Alerts in Your County](#)

[CalHHS Resource Guides](#) - The CalHHS website has compiled resources for personal emergency plans, mental health services, social services, health care services, and more into one location.

[CallCH Social Media](#) – CallCH has initiated social media outreach with links to resources such as CalOES shelter maps, local alerts, and flood stage maps.

[DDAR Program](#) - The Disability Disaster Access and Resources Program (DDAR) can support individuals who need power for medical needs or independent living during power outages due to the winter storm. People can access DDAR either by contacting a local center, an online application, or through escalations through PG&E EOC. Visit the [Disability Disaster Access and Resources Directory](#) (DDAR) to search DDAR by county or [Download a map and listing of DDAR Centers](#).

[CalOES/DOR Guide](#) - This resource guide is available in multiple languages. Linked on the webpage is the Emergency Preparedness Guide/Toolkit for Individuals with Disabilities.

[CCLD Disaster Information](#) – DSS is monitoring ASC Facility Relocation Status and updating regularly.

[CDPH Infection Control Guidance](#) – COVID-19 resources for individuals in congregate shelters and people experiencing homelessness.

[CDPH Masking Guidance](#) – Masking guidance which dictates masking in shelters based on CDC Community Levels.

[CDC COVID-19 Management in Homeless Service Sites](#) – Updates to prevention strategies for COVID-19 in homeless service sites and correctional and detention facilities.

[CDSS Disaster Help Center](#) – See the second item on the DSS home page for information on public assistance and services available to individuals and families impacted by California disasters including food, income supports, shelters, and warming centers.

[Listos California Preparedness Social Media Toolkit Winter Weather](#) – With significant winter weather continuing to impact the majority of the state, Listos California at the California Governor's Office of Emergency Services (Cal OES) has created a social media toolkit for distribution to partners. We can expect continuing power outages, an increase in threats of mudslides because of saturated ground, floods, and trees falling due to high winds. This winter weather toolkit contains design assets and sample copy for social media use on Facebook, Instagram, Twitter, and LinkedIn. Please feel free to modify and/or share this information with your community.

[Disaster Ready Guide](#) - This 23-page guide details five simple, low or no-cost steps that individuals and families should take to prepare for natural disasters, such as wildfires, earthquakes, and floods.

[County Emergency Information Resource Sheets](#) - These information sheets help Californians stay informed, connected, and safe in the counties where they live with safety tips, information to help people quickly sign up for emergency alerts, follow trusted sources on social media, and links to connect to resources in their county.

[Quick Guide to Safety Before, During, and After FLOODS](#) - This trifold handout offers simple tips and links to resources to help individuals and families prepare for and deal with floods. Print on a standard 8 ½ x 11 sheet and fold it into thirds.

[Videos in American Sign Language \(ASL\)](#) – 5 steps to prepare for a disaster, presented in American Sign Language.

[Five Steps to Prepare for a Disaster](#) - This video animation, developed with the International Rescue Committee, features Listos California's five steps to prepare for disaster.

[Severe Weather Survival Tips](#) – Infographic from the National Health Care for the Homeless Council.

[Low Income Home Energy Assistance Program \(LIHEAP\) Services](#) – The California Department of Community Services and Development (CSD) has two service elements under LIHEAP that agencies can take advantage of depending on local needs and impacts:

Emergency Heating and Cooling (EHCS) – which provides for the replacement of inoperable heating and cooling equipment within low-income housing and where the absence of these appliances poses a health and safety risk to dwelling occupants; and

Severe Weather Emergency and Transportation Service (SWEATS) – a subprogram component under LIHEAP, which positions local service providers to offer the following to low-income households during the weather event:

Provide impacted individuals/households with temporary shelter or housing in hotels, apartments, or other living situations. Temporary shelter or housing is at no expense to impacted individuals and limited to a maximum of 5-days per eligible household.

Provide for transportation (such as cars, shuttles, buses) to move impacted individuals to temporary shelters or housing.

Provide crisis payments for energy utility services, deposits, and reconnections to ensure ongoing access to residential energy services.

Provide for the purchase and distribution of heaters, fans, generators, and battery backup devices to ensure safe indoor air temperatures in housing impacted by the weather event.

Local agencies have the discretion to extend these and other supports to low-income Californians during a disaster, including additional energy bill assistance, temporary heating and cooling devices, and other supportive services. To find Community Services Block Grants (CSBG) or Low Income Home Energy Assistance Program (LIHEAP) services in a particular area visit the [CSD Find Assistance website](#) or call (866) 675-6623.
